METROPOLITAN WEST | PEERHATCH AND ARMSTRONG CEILING & WALL SOLUTIONS PARTNER TO PROVIDE COMPLEMENTED SOLUTIONS

Companies are teaming up to make it easier for Architects, Designers and Contractors to find compatible solutions for their projects.

Long Beach, CA, December 2018: Metropolitan West | peerhatch has partnered with Armstrong Ceiling & Wall Solutions to bring their surface covering solutions to more commercial segments across the United States. Metropolitan West is including their innovative patented writable surface film (as well as their decorative glass films and mural wall coverings) to complement Armstrong® Ceilings pre-engineered solutions, which makes it easier for designers, architects and contractors to find attractive customizable components that enhance their spaces.

“I’m very excited and honored to have an opportunity to work with Armstrong Ceiling & Wall Solutions. Both companies strive to enhance comfort and building performance, while creating beautiful spaces,” said Kelly Taylor, founder and CEO of Metropolitan West. “I think together we have a chance to transform many spaces and make the job easier for those in the industry.”

Metropolitan West is the first surface film provider approved by Armstrong Ceiling & Wall Solutions to offer glass film solutions compatible with their Axiom® Glazing Channel solution. Decorative glass film, custom gradient film and distraction safety markers by Metropolitan West are fully customizable to allow seamless matching to any size and design requirement.

We will also be introducing the patented dry-erase wall covering *peerhatch* to more potential buyers. This non-ghosting writable surface film will transform commercial segments nationwide such as office, healthcare, education, hospitality, transportation, and retail.

- *peerhatch* is made with the idea of inspiring collaboration in work and educational environments. It makes an entire wall writable, giving people space to visualize and brainstorm in teams.
- The film is infused with custom graphics, making it an attractive choice for designers working with any interior style.
- Promoting *peerhatch* reflects Armstrong’s mission to make a difference in the spaces where people work and learn.

About Metropolitan West: Metropolitan West is a leading provider of custom wall coverings and films for glass, walls, floors, ceilings and doors. Located in Long Beach, CA, it is one of the largest women-owned companies in the Los Angeles area working with top designers, architects and educational institutions on award-winning projects.

About Armstrong World Industries: Armstrong World Industries, Inc. (AWI) is a global leader in the design, innovation, and manufacture of commercial and residential ceiling, wall and suspension system solutions. For more information, visit www.armstrongceilings.com.
