

# READ FIRST!

Before beginning installation, thoroughly read all included installation instructions and installation diagrams.

If there are any problems during installation, **STOP IMMEDIATELY** and contact MetWest.

**PLEASE NOTE:** If no defect is found before installation, the material should be inspected after three (3) panels are installed. If you discover any problems at this time (or at any point during installation), stop immediately and contact MetWest. **MetWest will not be responsible for charges over three (3) panels of material.**

## **CONTACT IN CASE OF PROBLEM:**

Trever Hartung  
Project Manager
